

Inoapps AI Starter Pack

Your fast, confident start with Oracle AI agents

Are you keen to adopt AI agents but feel stuck at the starting line? The market is noisy. The technology is evolving fast. Businesses worry about choosing the wrong use cases or investing without clear ROI. With the Inoapps AI Starter Pack, we help you cut through the uncertainty to move forward with confidence.

5 AI agents. 5 weeks. \$25k.

Your fast route to practical, production ready AI

Your AI journey, simplified

In clear, practical sessions, we'll help demystify what AI agents can do and where they'll deliver value in your processes. You walk away with five agents and the practical insight your teams need to spot and shape future AI opportunities with clarity.

Your path to the right AI agents

AI strategy and education workshop

An interactive session that gives your teams the foundations: what different types of AI can and can't do, how Oracle AI Studio works, security considerations, and how to recognize a good AI use case.

We'll tackle common misconceptions, answer FAQs, show live demonstrations, and explore your business issues to identify where AI agents can help resolve them.

Process review and recommendations workshop

We deep-dive into your key business processes to uncover where AI agents can automate, streamline or support work.

You'll receive an AI Starter Pack recommendation tailored to your business needs that includes five high-value standard Oracle AI agents

Implementation and deployment

Inoapps configures, tests and deploys your chosen agents to give you fully working AI agents in your environment, ready to support real processes from day one.

This includes:

- Configuration across your chosen modules
- End-to-end testing
- Deployment into your production environment

"Thank you for the very insightful session on AI agents in Oracle! You managed to break down a new and complex concept into something clear and actionable, which really helps my team see the bigger picture."

Pieter Dumont

Group IT HRIS Manager, Carmeuse
